

## HOW CAN-PACT IS BUILDING PSYCHEDELIC-ASSISTED THERAPY FOR CANCER CARE

A step-by-step approach to safely integrating new supportive care options.

1

### IDENTIFY THE UNMET NEED

We need better supportive care options.

2

### BUILD A NATIONAL NETWORK

This work must be collaborative.

4

### TRAIN CLINICIANS IN PACT

Safety and competence come first.

3

### SET PATIENT-DRIVEN RESEARCH PRIORITIES

Research agenda shaped by the public

5

### PILOT STUDY & EVALUATE WITH CLINICAL TRIALS

Evidence before implementation.

6

### INFORM POLICY & INTEGRATE

Access should follow evidence.

EXPANDING SUPPORTIVE CARE – RESPONSIBLY, ETHICALLY, AND COLLABORATIVELY.
