

INTEGRATIVE ONCOLOGY CLINIC

The Integrative Oncology Clinic is a pilot project that aims to provide personalized, patient-centered, safe and culturally sensitive recommendations on the use of complementary and integrative treatments for patients who are undergoing cancer treatment.

Eligibility Criteria:

1. Receiving standard cancer care treatment and at least one of the following two criteria are met:
 - i. High Symptom Burden
 - ii. Already using complementary therapies;
ex. Acupuncture, massage, nutritional diet, yoga, meditation, etc.

AND/OR

2. At risk of deferring conventional treatment(s) in favour of alternative approaches.

Patients receive 1:1 consultation with IO trained oncologist, Dr. Safiya Karim.

Please speak with your physician regarding a referral.
